

Mennonite Voluntary Service Final Report and Evaluation

MVS is always changing and growing. You have experienced it, and your participation has influenced the program. Please take some time to think about and answer the following questions as you reflect on your experience. Though the evaluation benefits MVS, we believe it will also be helpful for you as you reflect on the positive aspects of your experience as well as to help bring some closure to issues that may not have been addressed properly. Each person's experience is different; thus, some questions may require a more in-depth response and others may be brief or you may choose not to answer at all. Whatever feedback you are able to give is much appreciated! Please share this with your local leadership during your final evaluation time.
